Dear Friend,

Did you know that according to the Community Transportation Association of America, approximately 3.6 million Americans miss or delay medical care because they lack appropriate transportation to their appointments? Whether it's because of a lack of financial resources or reliable and affordable transit options, care for the most vulnerable populations can be fragmented, unmanaged and uncoordinated.

At Morris Hospital, we feel that everyone in our community deserves reliable access to medical care. That's why 21 years ago we created our Patient Transportation program. Since inception, our buses have logged more than 2.5 million miles and provided more than 256,000 trips to and from medical appointments. None of this would have been made possible without the generosity of our community.

With that in mind, I'm excited to announce that our annual 2019 Golf & Cards Tournament will be held on September 23rd, 2019 at Morris County Club. Our goal is to raise \$56,000 in net proceeds for our Patient Transportation and LifeLine® programs. We can't meet our goal without the help of companies like yours.

Please find the enclosed sponsorship commitment form for our 2019 tournament. Your support will mean the difference between area residents seeking regular care or going without. It will eliminate the burden on busy or distant family members. It will make people feel independent and self-sufficient. It will make our most vulnerable residents – the elderly, disabled and economically challenged – feel valued and supported.

We hope you will consider supporting this important fundraising effort and join us for a round of golf or a fun day playing cards. Should you have any questions regarding the Golf & Cards Tournament, please don't hesitate to reach out to me directly at 815-705-7021 or hwehrle@morrishospital.org.

Thanks for your consideration,

Hannah Wehrle

Auxiliary & Foundation Officer

MORRIS HOSPITAL AUXILIARY

24th Annual Golf & Cards Tournament

Monday, September 23, 2019 at Morris Country Club

WHAT YOUR DONATION CAN DO

**21 years. 2.5 million miles. More than 256,000 trips. 90 volunteers.
Thousands served in our community.**

Did you know approximately 3.6 million Americans miss or delay medical care because they don't have transportation to their appointments? At Morris Hospital, we think everyone deserves reliable access to medical care. In 1998, we made sure of it by starting our own free Patient Transportation service.

21 years, 2.5 million miles, and more than 256,000 trips later, our Patient Transportation program still has an incredible impact on thousands in our community. But, none of this would be possible without generosity. EVERY SINGLE RIDE is made possible through donations. Some donate their time by driving a bus. Others make monetary donations to help cover the costs of the program. Our annual Auxiliary Golf and Cards Tournament is another way to support those who need help getting to and from their medical appointments. This year's goal for the annual tournament is \$56,000 and we need your help. Gifts of ALL SIZES mean a lot to us.

\$5 takes a mom to her dialysis appointment because her kids are grown and live out-

\$10 provides a ride to and from chemo and radiation therapy for someone who

\$15 provides three rides for an elderly patient who feels self-sufficient because he can

\$20 takes a widower to and from two doctors' appointments because her

\$25 covers one day of gas for a patient transportation bus.

\$50 takes a heart attack survivor to and from his Cardiac Rehab appointments, once

\$75 replaces the wind shield wipers on one Patient Transportation bus.

\$100 takes a nervous and scared patient to meet our Breast Cancer Nurse Navigator after her

\$150 replaces one tire on a bus after taking thousands of patients to and

\$200 provides 40 rides for a handicap child until their family can afford a wheelchair accessible

\$250 provides 50 trips to doctor appointments for a grandmother with Alzheimer's who can no longer drive.

MORRIS HOSPITAL AUXILIARY

\$500 helps 100 people in the community make their health a top priority. Thanks to you, our most
